Entertainment Extra by Evelyn

Q. Is it true that Eddie Fisher has checked himself into the Betty Ford Rehabilitation Clinic in California? Shirley B.

A. At the request of his parents concerned, Betty Lee, Eddie has done just that. Fisher checked in on this identity after the illness of his second wife, comedienne Joan Rivers. Fisher became deeply depressed over her illness and Jerry Richard.

Q. Exactly how old is entertainer Grace Jones? She's so beautiful. It's tough to figure out. Morgan and Eddie

A. If you ask Grace she'll tell you she just turned 10. However at her recent birthday party at Sean Penn's trendy Nitnight dive in Cannes it overheard many words that our delightful diva of the night is 36. Amazing since Amazing she party ringed from the likes of 'All My Children's' Ruth Warrick, Mick the Jamal Wilkins and years older queen, Eddie Byrd.

Q. Is it true that Tony Danza is leaving "Who's The Boss" similar to the way Bob Newhart left his show, for a new sitcom next season? Pamela M.

A. No. However Tony does have a second sitcom vehicle in the works for the fall season. On Tuesday nights at 8:30 p.m. EST following his successful "Who's The Boss," Danza will lend his voice on the new show "Baby Talk." Comedy brilliance and Danza will do the voice of the baby.

Q. Is it true that ABC has canceled the weekly "ABC Mystery Movie?" James F.

A. The plush slips have already been issued for "Legal," starring Telly Savalas; "I.J. Stryker," starring Burt Reynolds; and the forgettable "Christine Cromwell," starring Jaclyn Smith. However "Columbo," starring Peter Falk may return as a future date but don't hold your breath.

Q. What is Jane Curtin up to these days? I certainly miss her since first-run production of "Kate And Allie" ceased. Gregg G.

A. Jane will star in a new series this fall on NBC. Titled "Working It Out," Stephen Collins Lewis like a sure hit!

Q. When Richard Chamberlain was in "Shogun," I believe I heard him speaking Japanese. My husband says the voice was dubbed because he Westerner could pick up that language late in life. I hope I get the answer that finally puts my heart to all husband in his place. Thanks Linda T

A. That indeed was Chamberlain speaking Japanese. Not only did he request pictures that were taught to him phonetically he managed to pick up quite a lot of the language. While it is true it may not be very easy for Westerners to learn languages that aren't similar to their own in later life the fact is, they can, and they do.

Q. I'm a big Kevin Dutton fan, but I never know he was on a soap opera once. At least, that's what my sister says. I say he started his career on the New York stage. Am I right? Ernie B.

A. Sorry Ernie, your sister wrong here. Kevin was in "Guiding Light" over 10 years ago. He did do a lot of Dinner in New York, both while he was with the soap and afterward.

Q. Is there a real-life Dougie Houser on whom the character of the teenaged doctor is based? I think I read that somewhere. Janice P

A. There have been young geniuses like Dougie doing some spectacular things from time to time and the character may be a composite of these real life young women and men. But he's not based on a real person, per se. However there is a teenager who did recently become a doctor, but he refuses to be labeled with the "Dougie" tag and won't give interviews because of this.

Q. Can you tell me when Alice Fays passed away? I seem to have missed the story although my friends insist they read it recently. This is important to me, because I grew up in the same West Side of Manhattan neighborhood with Alice's family. Angie F.

A. The good news is you didn't miss the story. Angie because it never got written. Alice is still alive and well, and active and still happily married to fortune band leader Phil Harris. The couple lives in Palm Springs in California.

Weekly HEALTH TIP
OBESITY
Obesity is often associated with high blood pressure, diabetes, increased cholesterol levels, certain cancers, and heart disease. If that isn't bad enough, overweight can also cause social depression due to a reduced social life, embarrassment, and feeling of self worth.
The obese can certainly regain a normal figure if they avoid fad diets, but get with a professional dietician and exercise program. mental and physical health surely are worth the effort.
